

§ 1250.535

(6) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(c) If the exempt producer no longer qualifies for an exemption as specified in §1250.348 or 1250.530(b), that producer shall notify, within 10 days, all handlers with whom the producer has filed a Certificate of Exemption.
